BELMORE SCHOOL

ENROLMENT CRITERIA

To be eligible for enrolment at Belmore School, students must meet the criteria explained in the DEECD guidelines.

Students must have:

A significant physical disability

and/or

A significant health impairment

and

Require paramedical support

Evidence to support the enrolment must be demonstrated in written reports provided by the:

paediatrician, with a statement detailing the disability or health impairment

and

registered occupational therapist, physiotherapist and speech pathologist, with a statement detailing the student’s paramedical requirements.

The paediatrician would include information about the child’s diagnosis and level of physical disability, including medical information, mobility, hearing and vision.

Therapists would comment on mobility and equipment requirements, fine motor abilities and equipment requirements, receptive communication, expressive communication, behaviour, safety, hearing, vision, self care skills and needs.
