REQUIRED
Medical forms must be returned to Ali Knowles

We purchased for Glenn some swimming supports that may be of interest for the Belmore Community.

The float is "Aquafit Upright Float" from Theraquatics ($48.05 each).

We selected 2 floats after viewing the picture on the website (shown below), and talking to the supplier about the internal dimensions of the float. The design is the same as the picture, except it is not inflatable and it comes apart easily to fit around Glenn.

We've found this to be excellent to prevent Glenn's head going too far back or forward, and has given Glenn some great independence in the water.

FOR SALE

As new special needs BMX-style trike for sale. We bought the bike about a year ago and our son has ridden it about a dozen times, but he has now outgrown it. The price of this bike (brand new) is $734 including the foot straps.

We are willing to sell it for $450 ONO.

If you are interested, please contact Caroline on 95849662 or 0413442215.
